

## The Link Roller

Above artwork sizes are **25% dimension** of final output. The Display Link will print at 400%.

Images should be produced at no less than 300dpi in 'cmyk' format. (All vector drawn artwork will reproduce perfectly).

Supply as 'collect for output' from either Quark, Illustrator, Freehand, Adobe-In-Design or save as one of the following formats: High Resolution pdf, tif, eps, jpg. Include crop marks and bleed within you files. Please call to discuss further if none of these options are available to you.

Data transfer methods: email (upto approx 20mb) [studio@thedisplaylink.co.uk](mailto:studio@thedisplaylink.co.uk) • upload to our website facility • ask for an 'ftp upload folder' • third party upload ie drop box / we transfer • post on CD / memory stick • free [local](#) pick up and delivery service available.
